FAERIES[®] LANDING

Volume 17

By

HAMBURG // LONDON // LOS ANGELES // TOKYO

FROM THE REALM OF AVALON

Fanta

A gorgeous female from the mystical realm of Avalon. After her magical virgin quest was accidentally born, Fanta had no choice but to stay on earth until it had reached itself. Much to Raging Jaga's delight—and frequent dismay—she was then with him.

Lady Samsin

At 5,000 years old, Samsin is the eldest of the gods. She oversees all the battles in Avalon and lately has been seen competing with the King of Avalon. For what ends, however, is unknown.

Goodfellow

His English, Pina-like cousin from Avalon who speaks in riddles. It was Goodfellow who introduced Raging to Fanta. Among his many gifts, Goodfellow has a stronger belief for women's empowerment.

Oreadia

Also known as Lady Orea, Oreadia is Fanta's very powerful mother. Considered a relationship with Fanta is complicated. While she is her daughter, she also wants to make it a symbol of her relationship with a woman.

Charon

As the right-hand man of the King of Avalon, Charon oversees all the important administrative duties in Avalon. He's also Meira's older brother.

Medea

Fanta's devoted and ambitious rival. Medea aspires to be the Queen of Avalon and was the female responsible for condemning Raging to a string of 106 bad relationships.

Bast

The southern, devil-spurring cat goddess has proven to be an nasty little nuisance for Fanta and Raging. That is working for Oreadia and has teamed up with Meira Kim.

Spirit Forces

These three almighty spirits live in Raging's subconscious (don't ask). They answer to the names Zoro, Celica and Nigoloh, except when Raging's calling them. Then they don't answer at all.

**The King
of Avalon**

The best heavenly beauty. The King of Avalon is in love with Fanta, much to Meira's dismay. He's also been secretly competing with Lady Samsin on something really, but what that is has yet to be revealed.

Pain

All flamboyant female in every sense of the word. Pain is Samsin's royal inspector and Fanta's brother.

Camaxtli and Nina

These two siblings are the royal guards of Kings of Avalon. Camaxtli, aka Max, is Samsin's brother-in-law but looking for him and all of Avalon. Nina is by his side to guide him straight.

FROM THE REALM OF MAN

Ryang Jegal

Our hapless handsome-smoking human protagonist, Ryang's been harboring Fanta, a fetching fawn who's been grounded on earth. Due to a magical curse, Ryang must suffer through 100 doomed relationships. And you thought YOU were unlucky in love...

Kang Jegal

Of the three Jegal boys, Kang is the middle child and as difficult as it may be to believe, has an even WORSE attitude than Ryang. Currently serving his mandatory military service, Kang recently returned home on vacation.

Mungyeong Seong

A former flame of Ryang's, Muri Kim is the very definition of "psycho ex." She has two diabolical-speaking things that accompany her everywhere and has now teamed up with Haeil, who intends to create an evil spirit by using Muri and Kang Jegal as hosts.

Muri Kim

Daecheol and Yuna

Two of Ryang's closest friends. Currently a couple, they always manage to match him up with Muri.

Yusin Min

Coexisting at again with her presence, Min is the only girl from Ryang's 100 evil affinity fawns who ended up really falling for him.

Sennyun

Kang's friend.

Jinyeong

Kang's ex-girlfriend

Hun Jegal and
Taejeong

Hun is Ryang's older brother, and Taejeong is Hun's lovely wife. Ryang currently lives with them.

Sino and Sindo

Hailing from ancient Korea, Sindo is a kind woodcutter and his half brother Sino is a corrupt village lord. Although Sindo acts as father to Chon's children, Sino is their biological father.

STORY SO FAR...

Meet Ryung, an average, every-day high school student. Ryung lives in Fameria, a small suburban town in Korea.

One day Ryung met Orika, a powerful (and pretty cat-like) female. Orika wants nothing more than to experience human life, and since meeting Ryung she has on his romantic.

Ryung has a problem. After he accidentally combined a female demon with very drops, he found himself cursed. Any girl he looks at the eye becomes a host for an "evil offspring." This is destined to happen KOS first in his life.

Without even's had enough, Orika finds out her mother, Orika, had been trying to kill her.

To understand why her mother went to help her and her father, Orika casts a spell to send Ryung and her back in time, to when her parents first met.

There they meet Sins, the wanted brother Orika is destined to marry, and his red brother Sins. As the head hunter of the village, Sins is used to having everything his way.

Sins rejects Orika when she demands to Earth, but (Kandorin) Sins takes her in as Orika after he finds her passed out without her memory and killed pain.

Sins, Orika and their ten Pans form a small but happy family. That is, until Sins switches bodies with Sins to reject Orika again and separates her with Orika.

Orika's memories and emotions are returned as she calls for her sister. Ryung's conscience as Orika, she takes her children away to Sins, but gives Sins an ultimatum—if he wants to be with his family, he must kill Sins.

Meanwhile, in Fameria, the King is seeking up something sinister. The main ingredient must be one great monster, because he knows Orika's secret and he wants her.

Sins is present time Korea. Most it up to her old habits to know the Japal brothers against each other to get what she wants. She must have Ryung. Dead or alive.

I CAN
SEE THE
THEORY

THE THEORY OF

SOMEONE'S TOUCHED
THE LOCKOUT FIELD
THAT'S CREATED
IN THE CIRCLES.
WHO CAN IT BE?

COULD BE

Yuri's New Old Trick

When Goodfellow tells Ryang that Fanta went back to the heavens, Ryang feels betrayed.
